

Parking for Malpas Village Halls

The Village Halls do not have its own car park; however, free parking is available all along Malpas road. Malpas Road is a narrow cul-de-sac with only one turning hammer head at the end.

Please see parking plan:

Between parking areas 1, 2 and 3 we are able to park around 40 cars

At Sunny Corner (area 4), there are around a further 10 spaces

At Boscawen Field car park (area 5), 16 spaces

Between areas 4, 5 & 6 Road parking available

Loads of parking in the main car park and on the road (area 6) Pay machine now in operation

With larger events at the village hall, we would suggest you consider one of the following:

- Using a car sharing system with your guests
- Arrange for a pickup car / people carrier or taxi to ferry guests back and forth from Boscawen Car Park
- A lift will take three to four minutes from the park to the hall drop off point
- Park and walk alongside the Truro River, past Sunny Corner and under the trees along Malpas road This will take you around fifteen minutes

The parking suggestions above are dependent upon the weather conditions and people on holiday. Please park responsibly, we are in a residential area. Driveways and access lanes / roads have to be kept clear.

The Truro bus service and emergency vehicles both require full access to the village.
